**SPECIAL PURPOSE AUDIT REPORT  
TO THE MEMBERS OF THE GREEN PARTY OF AOTEAROA NEW ZEALAND**

We have audited the attached Return of Party Election Expenses (the Return) in relation to the 2008 General Election. The return is prepared in compliance with section 106 of the Electoral Finance Act 2007. The return provides information about whether the party has exceeded the maximum amount allowed to be spent by the Green Party of Aotearoa New Zealand (the Party) in connection with the 2008 general election.

**Secretary's Responsibilities**

The party secretary is responsible for the preparation of a Return which fairly reflects the expenses incurred in connection with the 2008 general election.

**Auditors' Responsibilities**

It is our responsibility to express an independent opinion on the Return presented by the Secretary.

**Basis of Opinion**

An audit includes examining, on a test basis, evidence relevant to the amounts and disclosures in the Return.

We conducted our audit in accordance with New Zealand Auditing Standards and section 107 of the Electoral Finance Act 2007. We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the Return is free from material misstatements, whether caused by fraud or error.

Other than in our capacity as auditors we have no relationship with or interests in the Green Party of Aotearoa New Zealand.

**Qualified Opinion**

After consultation with the Electoral Commission and New Zealand Institute of Chartered Accountants, several factors have been identified that make it difficult to form an opinion on the Return of Party Election Expenses. These include:

- There is significant uncertainty surrounding what constitutes an election advertisement;
- The difficulty for an auditor to determine whether *all* election advertisements have been included;
- The difficulty in identifying and valuing donated goods and services;
- The difficulty in splitting election expenses between the party and the candidate; and
- The possibility that the party used public funds or facilities which are beyond the scope of the party auditor to investigate.

Because of the significance of the issues raise above, we are unable to form an opinion as to whether the positions shown in the return are correct.

Our audit was completed on 23 February 2009 and our qualified opinion is expressed as at that date.

6.7.6 Allocations from the Electoral Commission of time and money for election broadcasting

6.7.7 Publications that relate to a member of Parliament in his or her capacity as a member of Parliament [paragraph 7, below].

If yes, that specific cost is not an election expense.

**If no, that specific cost is an election expense to be included in the return.**

7 When determining that:

- an activity was not a party activity because it was done in relation to a member of Parliament in his or her capacity as a member of Parliament, or
- any publication was not an election expense because it related to a member of Parliament in his or her capacity as a member of Parliament

I have considered and applied the Electoral Commission's guidance under the heading *What does capacity as a member of Parliament mean in this context?* on the Elections NZ webpage *Party election expenses and returns* ([www.elections.org.nz/rules/parties/partysub/e5-party-return-expenses.html](http://www.elections.org.nz/rules/parties/partysub/e5-party-return-expenses.html)), and

I have sought, received, and hold in the Party's records assurances from, or on behalf of, any Party members of the previous Parliament that all party activities or election expenses done or incurred by those members of Parliament have been disclosed to me, with adequate supporting records, for inclusion in this return.

8 Where an apportionment of election expenses is given in the return:

- the basis of apportionment is appropriate, and has been properly applied and recorded, and
- the information contained in the Party's return is known to be consistent with that of the Party's electorate candidates or the undertakings of other entities involved in the apportionment included in the records.

9 Any and all misstatements you have identified during the course of your audit have been adjusted in the final return.

10 I have completed our own procedures, distinct from your audit processes, to evaluate the accuracy and completeness of the return.

11 The return is free of any material misstatements or omissions.

These representations are made in terms mutually agreed between us, and to supplement information obtained by you from the records of the Party and to confirm information given to you orally.

Yours sincerely,
