Wellington

Dear Brent

**Letter of Representation for Party Election Expenses Return
for the 2008 General Election**

This representation letter is furnished in connection with the return of party election expenses for the 2008 general election by the New Zealand Labour Party made in accordance with section 106 of the Electoral Finance Act 2007, which has been audited by you in accordance with section 107 of the Act.

I understand that your audit was conducted in accordance with the relevant provisions of the Act and the Auditing Standards issued by the New Zealand Institute of Chartered Accountants.

I confirm and take responsibility for the following representations after taking all reasonable steps to assure myself of them:

The return has been prepared in accordance with the relevant provisions of the Act.

I am responsible for establishing and maintaining a system of internal control designed to provide reasonable assurance as to the integrity and reliability of the return. I have done this, and all explanations or demonstrations of this to you have been complete and accurate.

All records, documents and accounts have been kept by the Party (including subsidiary entities) and made available to you, and these materials will be retained in accordance with the requirements of the Act.

I have disclosed to you:

- any material transactions not disclosed in the records;
- the existence of all relevant agreements or activities relating to the Party's members of the previous Parliament, electorate candidates, subsidiary or closely connected political entities, third parties (whether listed or not), and other political parties (whether registered or not) or their electorate candidates;
- any alleged, suspected or proven illegal activity under the Act or other legislation potentially relevant to the return;

- any outstanding disputed claims, matters with authorities, or planned or continuing litigation; and
- the fact of, and results from, any assessment made by [me/us] that considered whether the records of the Party may be materially misstated or incomplete for any reason.

The return contains the total returnable election expenses of the party for the 2008 general election whether paid or incurred before, during, or after the regulated period. The return includes all expenses, including apportioned expenses, and irrespective of the source of funds or entity paying for the activities concerned, and irrespective of whether or not a party advertisement contained a promoter statement.

The return's contents have been determined by considering, in the following sequence, these questions and the relevant provisions of the Act:

- Was the activity undertaken by the party secretary or the party financial agent or with their authority? [Section 93, definition of **party activity**, paragraph (a)] (If no, activity is not an election expense.)
- If yes ... did the activity constitute **publishing**? [section 4, definition of **publish**; section 93, definition of **party activity**, paragraph (b)] (If no, activity is not an election expense.)
- If yes ... was that the publishing of a **party advertisement**? That is, did the activity encourage or persuade, or appear to encourage or persuade, voters to vote for the party, or against another party, or both? [section 4, definition of **party advertisement**; section 93, definition of **party activity**, paragraph (b)] (If no, activity is not an election expense.)
- If yes ... was the activity undertaken (or deemed to be undertaken) during the regulated period (from 1 January 2008 to polling day)? [section 4, definition of **regulated period**; section 93, definition of **party activity**, paragraph (c)] (If no, activity is not an election expense.)
- Was the activity something done in relation to a member of Parliament in his or her capacity as a member of Parliament? [paragraph 7, below; section 93, definition of **party activity**, paragraph (d)] (If yes, activity is not an election expense.)
- If no:
 - What expense was incurred in undertaking the activity? [section 94(1)(a)]
 - What cost was involved in respect of the cost of preparation, design, composition, printing, distribution, postage and publishing of the party advertisement? [section 94(1)(b)(i)]
 - What was the cost of any **material** used for or applied toward the party advertisement? [section 94(1)(b)(ii)]
 - What was the cost of displaying the party advertisement on any **advertising space** on any land or building of a specified kind that is used solely or principally for commercial or industrial purposes? [section 94(1)(b)(iii)]
 - What was the commercial value of any material or advertising space provided free of charge? [section 94(4)]
 - What was the difference between the contract price and the commercial value of any material or advertising space provided at less than commercial value? [section 94(5)]
 - What was the commercial value of any material or advertising space provided free of charge? [section 94(4)]
 -

- What was the difference between the contract price and the commercial value of any material or advertising space provided at less than commercial value? [section 94(5)]

Do any of the costs identified above fall within any of the expense exceptions?
[section 94(2)]

- Travel
- The conduct of any survey or public opinion poll (other than push-polling)
- The labour of any person provided free of charge by that person
- Replacement of election materials damaged in circumstances out of the party's control
- Electorate candidate expenses of a party candidate
- Allocations from the Electoral Commission of time and money for election broadcasting
- Publications that relate to a member of Parliament in his or her capacity as a member of Parliament.

If yes, that specific cost is not an election expense.

If no, that specific cost is an election expense to be included in the return.

When determining that:

- an activity was not a party activity because it was done in relation to a member of Parliament in his or her capacity as a member of Parliament, or
- any publication was not an election expense because it related to a member of Parliament in his or her capacity as a member of Parliament,

I have considered and applied the Electoral Commission's guidance under the heading *What does capacity as a member of Parliament mean in this context?* on the Elections NZ webpage *Party election expenses and returns* (www.elections.org.nz/rules/parties/partysub/e5-party-return-expenses.html), and I have sought, received, and hold in the Party's records assurances from, or on behalf of, any Party members of the previous Parliament that all party activities or election expenses done or incurred by those members of Parliament have been disclosed to me, with adequate supporting records, for inclusion in this return.

Where an apportionment of election expenses is given in the return:

- the basis of apportionment is appropriate, and has been properly applied and recorded, and
- the information contained in the Party's return is known to be consistent with that of the Party's electorate candidates or the undertakings of other entities involved in the apportionment included in the records.

Any and all misstatements you have identified during the course of your audit have been adjusted in the final return.

I have completed our own procedures, distinct from your audit processes, to evaluate the accuracy and completeness of the return.

The return is free of any material misstatements or omissions.

These representations are made in terms mutually agreed between us, and to supplement information obtained by you from the records of the Party and to confirm information given to you orally.

Yours sincerely,

A handwritten signature in black ink, appearing to read "Mike Smith". The signature is written in a cursive, flowing style.

Mike Smith
General Secretary, Financial Agent

Audit Report

To the New Zealand Council of the New Zealand Labour Party

We have audited the attached Return of the Party Election Expenses (the Return) for the 2008 General Election period 1 January 2008 to 8 November 2008. The Return is prepared in compliance with section 106 of the Electoral Finance Act 2007, and provides information about party election expenses incurred by the New Zealand Council of the New Zealand Labour Party.

Secretary's Responsibilities

The Secretary is responsible for ensuring that the Electoral Commission receives a return of the Party's election expenses incurred by the Party for the period 1 January 2008 to 8th November 2008.

Auditor's Responsibilities

It is our responsibility to express an independent opinion on the Return in terms of the requirements of section 107 of the Electoral Act 1993.

Basis of Opinion

An audit includes examining, on a test basis, evidence relevant to the position disclosed in the Return as regards whether or not total incurred expenditure was less than the permitted maximum expenditure.

We conducted our audit in accordance with New Zealand Auditing Standards. We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to obtain reasonable assurance that 'the Party total election expenses not exceed the maximum amount prescribed by section 98' disclosed by the Return is free from material misstatement whether caused by fraud or error.

In forming our opinion we were reliant on the source documentation provided to us by the Council and candidates disclosing party vote related expenses.

Grant Thornton provides tax advice to the New Zealand Council of the New Zealand Labour Party. Other than in our capacity as auditors of the New Zealand Council of the

New Zealand Labour Party, we have no other relationship with, or interests in, the New Zealand Council of the New Zealand Labour Party.

Qualified Opinion

We are unable to form an opinion on the attached Return of the Party Election Expenses for the following reasons:

- There is currently significant uncertainty surrounding what constitutes an election advertisement,
- The risk surrounding completeness of the advertising expenses,
- Difficulties in establishing the commercial value of materials or space provided free of charge,
- Difficulties in the apportionment of election expenses of election activity between candidates and the party as a whole.

In this respect alone:

- We have not obtained all the information and explanations that we have required; and
- We were unable to determine whether they had met all the conditions of the Electoral Finance Act 2007.

Because of the potential effect of the limitation in the evidence available to us, we are unable to form an opinion as to whether the Party Election Expense Return complies with the Electoral Finance Act 2007.

Our audit was completed on 2 March 2009 and our qualified opinion is expressed as at that date.

A handwritten signature in black ink, appearing to read "Grant Thornton".

Dear Mr Smith

Electoral Expense Commission Audit Opinion

We have issued our audit opinion on the electoral expenses for the 8 November 2008 New Zealand election.

Within the audit opinion, we have issued a qualified opinion highlighting

"We are unable to form an opinion on the attached Return of the Party Election Expenses for the following reasons:

- *There is currently significant uncertainty surrounding what constitutes an election advertisement,*
- *The risk surrounding completeness of the advertising expenses,*
- *Difficulties in establishing the commercial value of materials or space provided free of charge,*
- *Difficulties in the apportionment of election expenses of election activity between candidates and the party as a whole.*

In this respect alone:

- *We have not obtained all the information and explanations that we have required; and*
- *We were unable to determine whether they had met all the conditions of the Electoral Finance Act 2007.*

Because of the potential effect of the limitation in the evidence available to us, we are unable to form an opinion as to whether the Party Election Expense Return complies with the Electoral Finance Act 2007.

Our audit was completed on 2 March 2009 and our qualified opinion is expressed as at that date."

We note with you that although the opinion is qualified, the Party has implemented strong internal controls and procedures to obtain good practice in collection of the financial data relating to the election expenses. The analysis of the financial information, and detail of that information, is commendable.

In undertaking our testing, we did not highlight any examples of error or major weakness within your systems of control. We comment in regard to the qualified opinion on the basis of uncertainty surrounding definitions of expenditure rather than controls that were in place by the New Zealand Council of the New Zealand Labour Party.

Should you require any further information, please make contact.

Kind regards

Grant Thornton
