PART A: PARTY ADVERTISEMENTS SOLELY PROMOTING THE PARTY

In this part you should record all election expenses incurred in relation to party advertisements published, or that continued to be published, during the regulated period for the general election (23 June to 22 September 2017) solely promoting the party.

For advertisements published both before and during the regulated period you should apportion the costs so that only a fair proportion of the expenses are attributed to being incurred during the regulated period. Only record the amount attributable to the regulated period in the return.

Disclose the total amount incurred on election advertisements published during the regulated period even if payment for the advertising was made outside of the regulated period.

Election expenses include:

- the costs incurred in the preparation, design, composition, printing, postage and publication of the advertisement, and
- the reasonable market value of any material used or applied towards the advertisement provided to the party for free or below reasonable market value.

Further guidance is available in the *Party Secretary Handbook - General Election 2017*.

PART B: PARTY ADVERTISEMENTS SHARED WITH CANDIDATES OR OTHER PARTIES

In this part you should record all election expenses incurred in relation to election advertisements published, or that continued to be published, during the regulated period for the general election (23 June to 22 September 2017) promoting the party and one or more candidates or parties.

Apportionment is permitted between the party and a candidate(s) or other party(ies). Where an expense item has been apportioned between the party and candidate(s) or party(ies), record the total cost of the advertisement and the share apportioned to the party based on coverage. You should ensure there is a consistent description and approach to apportionment in each return of election expenses. Record the name of the candidate(s) or other party(ies) featured in the advertising in the item description.

For advertisements published both before and during the regulated period you should apportion the costs so that only a fair proportion of the expenses are

attributed to being incurred during the regulated period. Only record the amount attributable to the regulated period in the return.

Disclose the total amount incurred on election advertisements published during the regulated period even if payment for the advertising was made outside of the regulated period.

Election expenses include:

- the costs incurred in the preparation, design, composition, printing, postage and publication of the advertisement, and
- the reasonable market value of any material used or applied towards the advertisement provided to the party for free or below reasonable market value.

Further guidance is available in the *Party Secretary Handbook – General Election 2017*.

To the Members of the Green Party of Aotearoa New Zealand Report to the Electoral Commission

Opinion

We have undertaken a reasonable assurance engagement on the Green Party of Aotearoa New Zealand (the "Party") compliance, in all material respects, with the requirements of sections 206L and 206IA of the Electoral Act 1993 and section 80A Broadcasting Act ("the Acts") as evaluated against the return of the Party's allocation expenses (the "return") for the 3 month period ended 22 September 2017.

In our opinion, the Party has complied in all material aspects, with the requirements of the Acts for the three months period from 23 June 2017 to 22 September 2017.

Summary of the return

Based on the assurance procedures performed we can summarise transactions in relation to the election expenditure as follows:

Summary	\$
Election expenses limit	2,844,000
Total Party Election expenses	818,525
Party Broadcasting allocation	530,656

Basis of Opinion

We conducted our engagement in accordance with Standard on Assurance Engagements (SAE) 3100 (Revised) *Compliance Engagements* issued by the New Zealand Auditing and Assurance Standards Board.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Party's Responsibilities

The Party is responsible for:

- a) The compliance activity undertaken to meet the requirements of the Acts as evaluated against the return.
- b) Identification of risks that threaten compliance with the requirements of the Acts identified above being met and controls which will mitigate those risks and monitor ongoing compliance.

Our Independence and Quality Control

We have complied with the relevant ethical requirements relating to assurance engagements, which include independence and other requirements founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behaviour.

In accordance with the Professional and Ethical Standard 3 (Amended) Grant Thornton New Zealand Limited maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Assurance Practitioners Responsibilities

Our responsibility is to express an opinion on the Party's compliance, in all material respects, with the requirements of the Acts as evaluated against the return, throughout the specified period. SAE 3100 (Revised) requires that we plan and perform our procedures to obtain reasonable assurance about whether the Party has complied, in all material respects, with the requirements of the Acts as evaluated against the return, throughout the specified period.

An assurance engagement to report on the Party's compliance with the requirements of the Acts involves performing procedures to obtain evidence about the compliance activity and controls implemented to meet the requirements of the Acts. The procedures selected depend on our judgement, including the identification and assessment of risks of material non-compliance with the requirements of the Acts as evaluated against the return.

Our firm carries out other assignments for the Party in the area of audit of the financial statements. The firm has no other interest in the Party.

Inherent Limitations

Because of the inherent limitations of the assurance engagement, together with the internal control structure it is possible that fraud, error, or non – compliance with the compliance requirements may occur and not be detected.

A reasonable assurance engagement during the period from 23 June 2017 to 22 September 2017 does not provide assurance on whether compliance with the recording of election expenses will continue in the future.

Use of Report

This report is provided solely to assist you in establishing that the election expenses claimed by the Party have been appropriately determined for the purpose intended, and our report should not be used for any other objective. We accept no liability to any other party or for use of our report other than the one described above.
