## Party Donations

A party donation is a donation of money (or the equivalent of money), goods or services that is made to a party, or to any person or body of persons if there are reasonable grounds to believe that the donation is intended for the benefit of the party. A party donation includes:

- a donation of money or the equivalent of money, including where a person pays something for the party
- where a party is provided with goods or services free of charge that have a reasonable market value of more than \$1,500 (or \$50 if provided by an overseas person – see Part D for more information on who is an overseas person)
- where a party is provided with discounted goods or services and the reasonable market value of the goods or services is greater than \$1,500 (or \$50 if provided by an overseas person); the difference between the contract or agreed price and the reasonable market value of the goods or services is a donation

- when a party sells over-valued goods or services, the difference between the price paid and the reasonable market value is a donation (for example a fundraising auction or dinner)
- where credit is provided to a party on more favourable terms than those prevailing at the same time for similar credit, the value of the favourable terms is a donation.

### The following are not a party donation:

- free labour
- goods or services provided free of charge to a party, or to any person on the party's behalf, that have a reasonable market value of \$1,500 or less (or \$50 or less if from an overseas person), or
- a candidate donation that is included in a candidate's return of donations.

## PART A: PARTY DONATIONS OF MORE THAN \$5,000

### Instructions for Part A – Donations over \$5,000

Party donations of more than \$5,000 (including GST) received during 2025 are required to be declared in **Part A**, including a series of donations received from the same donor during the year that add up to more than \$5,000. Also include those donations exceeding \$20,000 received during election year and reported under section 210C (this only applies to an annual return for the year ending in the year of the general election).

Do not include in **Part A** contributions to donations, anonymous or overseas donations, donations protected from disclosure, or donations not exceeding \$5,000 (see **Parts B, C, D, E, F** and **G**).

You need to record the name and street address of the donor, the date the donation was received and the amount received from the donor. Where you have received a number of donations from the same donor you should include each date on which a donation was received from the donor and the aggregated total from the donor. You also need to confirm whether any person (other than the donor) has contributed more than \$5,000 to the donation (or more than \$50 if the contributor is an overseas person). Contributions of more than \$5,000 must be disclosed in **Part B** (or **Part E** for overseas contributors).

For any donations from a trust, include the name of the individual at whose direction the donation was made.

## PART G: OTHER PARTY DONATIONS UP TO \$5,000

### Instructions for Part G – Other party donations up to \$5,000

The total number and value of other party donations received in the following bands must be disclosed in **Part G**:

- anonymous party donations of \$1,500 or less
- all other donations not exceeding \$1,500
- party donations of more than \$1,500 up to and including \$5,000.

Although aggregation is generally required for donations there is no requirement to aggregate donations from the same donor for the purposes of determining what donations to include and in which band in **Part G**. If a donor has made more than one donation in a category each donation should be counted separately when calculating the number of donations.

### Example:

If you received two donations of \$2,000 from the same donor in the calendar year, these should be recorded as two donations in the 'Donations exceeding \$1,500 but not exceeding \$5,000' band.

# LOANS Complete Parts H and I

## Party Loans exceeding \$15,000

A party loan is a written or oral agreement under which a lender lends money to a political party. Money lent by a registered bank at a commercial interest rate is not a party loan, nor are credit cards and overdraft facilities with registered banks.

### PART H: PARTY LOANS EXCEEDING \$15,000

#### Instructions for Part H - Party loans exceeding \$15,000

Party loans from the same lender exceeding \$15,000 entered into during the year (including those exceeding \$30,000 that have been reported during the year under section 214F) must be reported in **Part H**.

Loans from the same lender need to be aggregated. Include loans entered into during the year not exceeding \$15,000, but that exceed \$15,000 when aggregated with all other loans from the same lender during 2025 or unpaid balances as at 31 December 2025 of any loans provided by the same lender in any previous year.

## Reasonable Assurance Report on compliance with Sections 210 and 214C of the Electoral Act 1993

### To The New Zealand Council of the New Zealand Labour Party

We have undertaken a reasonable assurance engagement on The New Zealand Council of the New Zealand Labour Party's (the "Party") compliance, in all material respects, with Sections 210 and 214C of the Electoral Act 1993 ("the Act") as evaluated against the Donations and Loans Return ("the Return"), for the year ended 31 December 2025.

#### Qualified Opinion

In our opinion, except for the effects of the matters described in the Basis for Qualified Opinion section of our report, the Party has complied, in all material respects, with the requirements of the Act as evaluated against the Return for the year ended 31 December 2025.

#### Basis for Qualified Opinion

With the exception of donations received via the online donation portal, there are limited controls to ensure donations included in the Return are complete. We were unable to obtain sufficient appropriate evidence and therefore qualify our opinion in this regard. Consequently, we could not determine whether any adjustments to the amount of donations revenue recorded were necessary.

We conducted our engagement in accordance with Standard on Assurance Engagements (SAE) 3100 (Revised) *Compliance Engagements* issued by the New Zealand Auditing and Assurance Standards Board.

We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our qualified opinion.

#### The Party's Responsibilities

The Party is responsible for:

- a. Preparation of the Return in compliance with the requirements of the Act.
- b. Identification of risks that threaten compliance with the Act identified above being met and controls which will mitigate those risks and monitor ongoing compliance.

#### Our Independence and Quality Management

We have complied with the independence and other ethical requirements of Professional and Ethical Standard 1 *International Code of Ethics for Assurance Practitioners (including International Independence Standards) (New Zealand)* issued by the New Zealand Auditing and Assurance Standards Board, which is founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behaviour.

The firm applies Professional and Ethical Standard 3 *Quality Management for Firms that Perform Audits or Reviews of Financial Statements, or Other Assurance or Related Services Engagements*, which requires the firm to design, implement and operate a system of quality management including policies or procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

### **Assurance Practitioner's Responsibilities**

Our responsibility is to express an opinion on the Party's compliance, in all material respects, with the Act as evaluated against the Return, for the year ended 31 December 2025. SAE 3100 (Revised) requires that we plan and perform our procedures to obtain reasonable assurance about whether the Party has complied in all material respects, with the Act as evaluated against the Return for the year ended 31 December 2025.

An assurance engagement to report on the Party's compliance with the Act involves performing procedures to obtain evidence about the compliance activity and controls implemented to meet the requirements of the Act. The procedures selected depend on our judgement, including the identification and assessment of risks of material non-compliance with the Act as evaluated against the Return.

Other than in our capacity as auditor of the Party for the year ended 31 December 2025 and providing taxation and advisory services, we have no other relationship with, or interests in, the Party.

### **Inherent Limitations**

Because of the inherent limitations of an assurance engagement, together with the internal control structure it is possible that fraud, error, or non-compliance with compliance requirements may occur and not be detected.

A reasonable assurance engagement for the year ended 31 December 2025 does not provide assurance on whether compliance with the Act will continue in the future.

### **Restricted Use**

This report is made solely to the Party in accordance with the requirements of the Act. Our compliance work has been undertaken so we can state to the Party those matters undertaken and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Party for our compliance work, or for any other purpose other than that for which it was prepared.

Dear Partners

## Representation Letter

This representation letter is provided in connection with the return of party donations and loans for the 2025 calendar year (the return) by the New Zealand Labour Party (the Party) made in accordance with sections 210 and 214C of the Electoral Act 1993 (the Act) which has been subject to an assurance engagement and reported on by you in accordance with sections 210A and 214D of the Act.

We understand that your assurance engagement was conducted in accordance with the relevant provisions of the Act and the applicable auditing and assurance standards issued by the New Zealand Auditing and Assurance Standards Board (SAE 3100 Assurance Engagements on Compliance).

We confirm and take responsibility for the following representations after taking all reasonable steps to assure ourselves of them:

- The return has been prepared in accordance with the relevant provisions of the Act.
- We acknowledge our responsibility for the preparation of the return in compliance with the Act, including identifying the risks that threaten the compliance requirements being met, and designing, implementing and maintaining internal controls to mitigate those risks, including the risk of fraud, so that those risks will not prevent achievement of the compliance requirements.
- All records, documents and accounts (records) have been kept by the Party (including subsidiary entities) and made available to you, and these materials will be retained in accordance with the requirements of the Act.
- For all donations over \$50 (other than anonymous donations), We have established and implemented processes to ensure that all reasonable steps in the circumstances have been taken to check whether a donation is made by or on behalf of an overseas person or includes a contribution made by or on behalf of an overseas person.
- We have disclosed to you to the best of our knowledge:
  - Any material transactions not disclosed in the records;
  - Any alleged, suspected or proven illegal activity under the Act or other legislation potentially relevant to the return or instances of non-compliance with applicable requirements;

- The fact of, and results from, any assessment made by us that considered whether the records of the Party may be materially misstated or incomplete for any reason; and
- Any design deficiencies in the compliance system and instances where that system has not operated as described
- Any events subsequent to the date of this letter that could have a significant effect on the assurance practitioner's conclusion.
- The return contains the total returnable donations received by the Party in the 2025 calendar year. The return includes:
  - Donations in the form of money, goods or services paid for by others, discounts given on goods or services provided to the party, premiums paid in respect of good or services provided by the party, and credit provided to the party at terms more favourable than the prevailing commercial terms, including the value of GST on any of those items;
  - Donations of more than \$5,000 in aggregate from an individual donor;
  - Anonymous donations of more than \$1,500;
  - Donations and donation contributions from an overseas party of more than \$50;
  - Payments received from the Electoral Commission of donations protected from disclosure;
  - The number of, and aggregate amount of, anonymous donations of \$1,500 or less;
  - The number of, and aggregate amount of, other donations of \$1,500 or less;
  - The number of, and aggregate amount of, donations of more than \$1,500 but not more than \$5,000;
- The return includes:
  - Any loans entered into during the year that exceed \$15,000;
  - Any loans exceeding \$15,000 entered into in any previous year (from 25 March 2014) that have an unpaid balance exceeding \$15,000 as at 31 December 2025;
  - Any loans entered into during the year of less than or equal to \$15,000 if the loan exceeds \$15,000 when aggregated with all other loans entered into during the year by the same lender and any unpaid balances of any loans from the same lender in any previous year (from 25 March 2014);
  - The number and aggregate amount of all other loans entered into during the year of not less than \$1,500 and not more than \$15,000.
- The return's contents have been determined by considering the questions set out in the Appendix to this letter and the relevant provisions of the Act.
- Where an assessment has been made of the reasonable market value of a donation, the basis of the assessment is fair and appropriate, and has been properly applied and recorded.
- Any and all misstatements you have identified during the course of your assurance engagement have been adjusted in the final return.
- We have completed our own procedures, distinct from your assurance engagement processes, to evaluate the accuracy and completeness of the return.
- The return is free of any material misstatements or omissions.

These representations are made in terms mutually agreed between us, and to supplement information obtained by you from the records of the Party and to confirm information given to you orally.

For and on behalf of the New Zealand Council of the New Zealand Labour Party by:
