This means you cannot search your details online, and consequently are not able to download voting papers.* *However we can temporarily take you off the unpublished roll and placed on the main roll for a period of time. This will allow you to download your voting paper. We can then return you to the unpublished roll once you have download your papers.* *To reassure you, even though you will be temporarily placed on the Main Roll, this does not mean your details are made available to the public or included on the printed roll.* *How do you feel about that?* *Just so you are aware you can start voting from overseas Wednesday 30 September.* *If you are happy with the process please provide a timeframe (e.g. a day, or two days) and confirmation that you give your consent to be placed on the main roll to download voting papers by return email [unpublished.roll@elections.govt.nz]* *I will need you to confirm your full name, the residential address you are enrolled at, your date of birth and, timeframe.* *Once this process is complete, I will advise Overseas team.* *If you have any concerns you can contact us at unpublished.roll@elections.govt.nz.* *Ngā Mihi*

ANNOTATIONS:

1 Phone call application received: Applicant cannot be moved to *Pending Unpublished* in MIKE and still requires a ROE6 or written request on another enrolment form or letter.

2 Email application received: Applicant can be moved to *Pending Unpublished* in MIKE but still requires a ROE6 or written request on another enrolment form or letter.

3 ROE6 application / ROE1 with written request / written signed letter application received: Applicant can be moved to *Pending Unpublished* in MIKE and application can be progressed to only requiring evidence (if not already received with application.)

4 Move to UPR Pending in MIKE: Use *See Notes* with ticket number (assuming you are able to identify the applicant in MIKE from the information provided, otherwise skip this step.)

5 Move to UPR Approval queue (for decline):
1. Open the *Unpublished Applications (XXX)* queue in MIKE and select the elector.
2. In the *Notes* field, enter any relevant information the Team Leader needs to know and click *Mark Ready for UPR Approval*. This note will not be recorded on the elector's MIKE history. Example note:
"Decline - SLE sent and emailed multiple times, no response, applied over a month ago - ticket XXXXX"

6 Validate application:
ROE6 - Check that the mandatory fields which are name and signature, are filled out. The other fields including address and evidence description are not mandatory (you must be sure you have identified the correct elector, otherwise request further information.)
ROE1 with a written application - The form itself doesn't need to be valid; it can still be accepted as a written unpublished application as long as it has their name and signature. Do not process it as a ROE1 in that instance, use *See Notes*.
Written letter application - Needs their name and a signature only (assuming you are able to identify them from that.)
If the applicant is not yet enrolled, they will need to provide a ROE1 first. Note that we can approve Other/Target applicants for unpublished but it is preferable to receive their ROE1 to re-enrol them first.
Check the signature is physically or digitally done by the elector themselves and not pp etc (typed signatures are invalid.)
NOTE: There are several other stakeholder specific ROE6 forms, see section below map.

7 Redact evidence from application:
1. Open Snipping Tool and select the ROE6 / application.
2. Black out the evidence description and anything else related to reason for applying.
3. Save it and upload to *Uploaded Forms Admin Queue* in MIKE (delete the file after.)

8 Process application:
1. Select the ROE6 / application in *Uploaded Forms Admin Queue*.
2. Add a note to form with the Zendesk ticket number.
3. Search for the correct elector.
4. Update all the fields if it is a ROE6, EXCEPT the address field if it is a change of address into a new electorate; a CL12 will need to be scheduled later in the process. Edit the form note to say that the address is in a new electorate so it cannot be updated with a ROE6.
5. Change the *Update Reason* to ROE6 or use *See Notes* with the ticket number if it is an email application / written signed letter.
6. Select the *Pending Unpublished* radio button.
7. Click on *Update*.

9 Supporting evidence received?
See section below map for the acceptable evidence threshold requirement.

10 Applicant works for stakeholder?
See section below map of unpublished stakeholder employers and emails.

11 Employer Endorsement Consent Required macro: Some ROE6 forms are stakeholder specific and will already have prefilled consent to do this (you can skip this step in that instance)

12 Employer Endorsement Request macro: New Zealand Police and the Department of Corrections have side conversation macros with the stakeholder contact emails prefilled: *Police Endorsement Request* and *Corrections Endorsement Request*.

13 Move to UPR Approval queue:
1. Open the *Unpublished Applications (XXX)* queue in MIKE and select the elector.
2. In the *Notes* field, enter any relevant information the Team Leader needs to know and click *Mark Ready for UPR Approval*. This note will not be recorded on the elector's MIKE history. Examples of notes include:
"Approve - Evidence received on ticket XXXXX"
"Approve - Family member PI XXXXXXXXX is unpublished and applicant lives at the same address - ticket XXXXX."

14 Schedule CL12 if required: On ROE6 or written letter applications, check that the enrolled address in MIKE matches what they have indicated. If not, schedule a CL12 to their new address (OK to cancel the scheduled correspondence.)

Acceptable forms of supporting evidence include:

1. A copy of any order issued by the Courts with their name on it under the Family Violence Act 2018 or Harassment Act 1997.
2. A letter explaining why their work or personal circumstances place them at risk. This letter could be from their employer, Justice of Peace, lawyer, social worker, advocate, or someone of standing in the community. It must be signed by them and ideally on a letterhead. Applicants cannot endorse their own applications.
3. Information from a police officer or corrections officer explaining why publishing their name and address could prejudice their or their family's safety.
4. An endorsement email from one of our employer key stakeholders, see next section.
5. Other forms of evidence can be accepted in special circumstances, ask Team Leader if unsure.

Are you concerned about your personal safety?

Not everyone feels safe enough to have their details publicly available on the electoral roll, but that doesn't mean they lose the right to vote.

If you're concerned about your personal safety, or that of your family, you can apply to go on the confidential unpublished roll. Your enrolment details will be kept secure and not given to anyone.

What if my personal details change?

Once you're on the unpublished roll, you need to let us know if any of your enrolment details change, such as your name or address. You can do that by filling in a new enrolment form and returning it to us. You can also ask to go back on the publicly available roll if your personal circumstances change.

Contact the Electoral Commission or email us at **unpublished.roll@elections.govt.nz** if you need to make any changes.

How do I vote when I'm on the unpublished roll?

You can vote at any voting place in a general election or by-election. You'll need to cast a special vote because your details won't be on the printed electoral roll used to issue voting papers at the voting place.

You'll need to fill in an extra form with your voting paper to confirm the electorate where you're enrolled to vote. You don't need to complete the address or previous name information on the form if you don't want to. However, providing this information helps us to confirm your eligibility to vote. When you get to a voting place, someone will be there to show you what to do.

To vote in local elections, you'll need to ask the electoral officer at your local council to send you voting papers.
