DONATIONS Complete Parts A to G

Party Donations

A party donation is a donation of money (or the equivalent of money), goods or services that is made to a party, or to any person or body of persons if there are reasonable grounds to believe that the donation is intended for the benefit of the party. A party donation includes:

- a donation of money or the equivalent of money, including where a person pays something for the party
- where a party is provided with goods or services free of charge that have a reasonable market value of more than \$1,500 (or \$50 if provided by an overseas person - see Part D for more information on who is an overseas person)
- where a party is provided with discounted goods or services and the reasonable market value of the goods or services is greater than \$1,500 (or \$50 if provided by an overseas person); the difference between the contract or agreed price and the reasonable market value of the goods or services is a donation

- when a party sells over-valued goods or services, the difference between the price paid and the reasonable market value is a donation (for example a fundraising auction or dinner)
- where credit is provided to a party on more favourable terms than those prevailing at the same time for similar credit, the value of the favourable terms is a donation.

The following are not a party donation:

- free labour
- goods or services provided free of charge to a party, or to any person on the party's behalf, that have a reasonable market value of \$1,500 or less (or \$50 or less if from an overseas person), or
- a candidate donation that is included in a candidate's return of donations.

PART A: PARTY DONATIONS OF MORE THAN \$5,000

Instructions for Part A – Donations over \$5,000

Party donations of more than \$5,000 (including GST) received during 2023 are required to be declared in **Part A**, including a series of donations received from the same donor during the year that add up to more than \$5,000. Also include those donations exceeding \$20,000 received during election year and reported under section 210C.

Do not include in **Part A** contributions to donations, anonymous or overseas donations, donations protected from disclosure, or donations not exceeding \$5,000 (see **Parts B, C, D, E, F** and **G**).

You need to record the name and street address of the donor, the date the donation was received and the amount received from the donor. Where you have received a number of donations from the same donor you should include each date on which a donation was received from the donor and the aggregated total from the donor. You also need to confirm whether any person (other than the donor) has contributed more than \$5,000 to the donation (or more than \$50 if the contributor is an overseas person). Contributions of more than \$5,000 must be disclosed in **Part B** (or **Part E** for overseas contributors).

For any donations from a trust, include the name of the individual at whose direction the donation was made.

WRITE 'NIL' IF YOU HAVE NO DONATIONS TO DECLARE HERE:

PART G: OTHER PARTY DONATIONS UP TO \$5,000

Instructions for Part G – Other party donations up to \$5,000

The total number and value of other party donations received in the following bands must be disclosed in **Part G**:

- anonymous party donations of \$1,500 or less
- all other donations not exceeding \$1,500
- party donations of more than \$5,000 up to and including \$15,000.

Although aggregation is generally required for donations there is no requirement to aggregate donations from the same donor for the purposes of determining what donations to include and in which band in **Part G**. If a donor has made more than one donation in a category each donation should be counted separately when calculating the number of donations.

Example:

If you received two donations of \$2,000 from the same donor in the calendar year, these should be recorded as two donations in the 'Donations exceeding \$1,500 but not exceeding \$5,000' band.

WRITE 'NIL' IF YOU HAVE NO DONATIONS TO DECLARE HERE:

TOTAL FOR PART G

Description of donation	Total number of donations	Total amount of donations (including GST) \$0.00
Anonymous donations not exceeding \$1,500		
All other donations not exceeding \$1,500		
Donations exceeding \$1,500 but not exceeding \$5,000		

LOANS Complete Parts H and I

Party Loans exceeding \$15,000

A party loan is a written or oral agreement under which a lender lends money to a political party. Money lent by a registered bank at a commercial interest rate is not a party loan, nor are credit cards and overdraft facilities with registered banks.

PART H: PARTY LOANS EXCEEDING \$15,000

Instructions for Part H – Party loans exceeding \$15,000

Party loans from the same lender exceeding \$15,000 entered into during the year (including those exceeding \$30,000 that have been reported during the year under section 214F) must be reported in **Part H**.

Loans from the same lender need to be aggregated. Include loans entered into during the year not exceeding \$15,000, but that exceed \$15,000 when aggregated with all other loans from the same lender during 2023 or unpaid balances as at 31 December 2023 of any loans provided by the same lender in any previous year.

INDEPENDENT ASSURANCE REPORT TO THE PARTY SECRETARY OF THE NEW ZEALAND NATIONAL PARTY

Qualified Opinion

We have undertaken a reasonable assurance engagement on The New Zealand National Party's (the 'Party') compliance, in all material respects, with sections 210 and 214C of the Electoral Act 1993 (the "Act"), as evaluated against the Party Donations and Loans Return for the year ended 31 December 2023 (the "Return").

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion paragraph, the Party has complied in all material respects, with the section 210 and section 214C of the Electoral Act 1993 as evaluated against the Return throughout the specified period from 1 January 2023 to 31 December 2023.

Basis for Qualified Opinion

We were unable to obtain sufficient appropriate evidence about the Party's compliance with section 210 and section 214C of the Electoral Act 1993 due to the following limitations:

- Donation income belongs to an organisation once it is received, but there are generally no practical procedures available to determine that all income of this nature, whether in the form of cash or as donated/discounted goods and services, received by an organisation is actually recorded by that entity. Accordingly, an auditor of an organisation receiving significant amounts of donations usually qualifies their opinions to reflect the practical limitations of an audit in this area.
- We are not the auditor of the Party Electorate Committees or branches, our scope was therefore limited in respect of assessing the completeness of donations and loans which may have been received and established at Local Electorate Committees or branch level.
- In addition, per section 210(1)(d) of the Electoral Act 1993, donations received from an overseas person are required to be disclosed separately in Part E and Part G of the Return. Due to the nature of how donations are generally received, controls over determining the residency status of donors is limited and there are no practical procedures to determine the effect of this limited control.

Due to the nature of the limitations above, we do not believe there is further information that can be provided to us by the Party to allow us to determine the effects of these limited controls. As a result of these matters, we were unable to determine whether any adjustments might have been found necessary in respect of unrecorded election donations or loans.

Party Secretary's Responsibilities

The Party Secretary is responsible for:

- a) Preparation of the Return in compliance with the requirements of the Act.
- b) The compliance activity undertaken to meet the requirements of the Act; and
- c) Identification of risks that threaten compliance with the Act identified above being met and controls which will mitigate those risks and monitor ongoing compliance.

Our Independence and Quality Control

We have complied with the independence and other ethical requirements of Professional and Ethical Standard 1 *International Code of Ethics for Assurance Practitioners (including International Independence Standards) (New Zealand)* issued by the New Zealand Auditing and Assurance Board, which is founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behavior.

The firm applies Professional and Ethical Standard 3 which requires the firm to design, implement and operate a system of quality management including policies or procedures regarding compliance with ethical requirements, professional standards, and applicable legal and regulatory requirements.

Assurance Practitioner's Responsibilities

Our responsibility is to express an opinion on the Party's compliance, in all material respects, with the requirements of the Act as evaluated against the return, throughout the specified period. SAE 3100 (Revised) requires that we plan and perform our procedures to obtain reasonable assurance about whether the Party has complied, in all material respects, with the requirements of the Act as evaluated against the return, throughout the specified period. An engagement conducted in accordance with (SAE) 3100 (Revised) requires that we also comply with International Standard on Assurance Engagements (New Zealand) 3000 (Revised) Assurance Engagements Other Than Audits or Reviews of Historical Financial Information.

An assurance engagement to report on the Party's compliance with the requirements of the Act involves performing procedures to obtain evidence about the compliance activity and controls implemented to meet the requirements of the Act. The procedures selected depend on our judgement, including the identification and assessment of risks of material non-compliance with the requirements of the Act as evaluated against the return.

Our firm carries out other assignments for the Party in the area of audit of the financial statements, expense return and taxation advice. The firm has no other relationship with, or interests in, the Party.

Because of the matter described in the Basis for Qualified Opinion paragraph, we are not able to obtain sufficient appropriate audit evidence to provide a basis for a reasonable assurance opinion on the Party's compliance with the Act as evaluated against the return.

Inherent Limitations

Because of the inherent limitations of an assurance engagement, together with the internal control structure it is possible that fraud, error, or non-compliance with compliance requirements may occur and not be detected.

A reasonable assurance engagement throughout the specified period does not provide assurance on whether compliance with the requirements of the Act will continue in the future.

Use of Report

This report has been prepared for use by the Party Secretary for the purpose of establishing that the election donations and loans reported by the Party in the return have been appropriately determined for the purpose intended. We disclaim any assumption of responsibility for any reliance on this report to any person other than the Party Secretary, or for any other purpose other than that for which it was prepared.

DONATIONS Complete Parts A to G

Party Donations

A party donation is a donation of money (or the equivalent of money), goods or services that is made to a party, or to any person or body of persons if there are reasonable grounds to believe that the donation is intended for the benefit of the party. A party donation includes:

- a donation of money or the equivalent of money, including where a person pays something for the party
- where a party is provided with goods or services free of charge that have a reasonable market value of more than \$1,500 (or \$50 if provided by an overseas person - see Part D for more information on who is an overseas person)
- where a party is provided with discounted goods or services and the reasonable market value of the goods or services is greater than \$1,500 (or \$50 if provided by an overseas person); the difference between the contract or agreed price and the reasonable market value of the goods or services is a donation

- when a party sells over-valued goods or services, the difference between the price paid and the reasonable market value is a donation (for example a fundraising auction or dinner)
- where credit is provided to a party on more favourable terms than those prevailing at the same time for similar credit, the value of the favourable terms is a donation.

The following are not a party donation:

- free labour
- goods or services provided free of charge to a party, or to any person on the party's behalf, that have a reasonable market value of \$1,500 or less (or \$50 or less if from an overseas person), or
- a candidate donation that is included in a candidate's return of donations.

PART A: PARTY DONATIONS OF MORE THAN \$5,000

Instructions for Part A – Donations over \$5,000

Party donations of more than \$5,000 (including GST) received during 2024 are required to be declared in **Part A**, including a series of donations received from the same donor during the year that add up to more than \$5,000. Also include those donations exceeding \$20,000 received during election year and reported under section 210C (this only applies to an annual return for the year ending in the year of the general election).

Do not include in **Part A** contributions to donations, anonymous or overseas donations, donations protected from disclosure, or donations not exceeding \$5,000 (see **Parts B, C, D, E, F and G**).

You need to record the name and street address of the donor, the date the donation was received and the amount received from the donor. Where you have received a number of donations from the same donor you should include each date on which a donation was received from the donor and the aggregated total from the donor. You also need to confirm whether any person (other than the donor) has contributed more than \$5,000 to the donation (or more than \$50 if the contributor is an overseas person). Contributions of more than \$5,000 must be disclosed in **Part B** (or **Part E** for overseas contributors).

For any donations from a trust, include the name of the individual at whose direction the donation was made.

PART G: OTHER PARTY DONATIONS UP TO \$5,000

Instructions for Part G – Other party donations up to \$5,000

The total number and value of other party donations received in the following bands must be disclosed in **Part G**:

- anonymous party donations of \$1,500 or less
- all other donations not exceeding \$1,500
- party donations of more than \$1,500 up to and including \$5,000.

Although aggregation is generally required for donations there is no requirement to aggregate donations from the same donor for the purposes of determining what donations to include and in which band in **Part G**. If a donor has made more than one donation in a category each donation should be counted separately when calculating the number of donations.

Example:

If you received two donations of \$2,000 from the same donor in the calendar year, these should be recorded as two donations in the 'Donations exceeding \$1,500 but not exceeding \$5,000' band.

LOANS Complete Parts H and I

Party Loans exceeding \$15,000

A party loan is a written or oral agreement under which a lender lends money to a political party. Money lent by a registered bank at a commercial interest rate is not a party loan, nor are credit cards and overdraft facilities with registered banks.

PART H: PARTY LOANS EXCEEDING \$15,000

Instructions for Part H – Party loans exceeding \$15,000

Party loans from the same lender exceeding \$15,000 entered into during the year (including those exceeding \$30,000 that have been reported during the year under section 214F) must be reported in **Part H**.

Loans from the same lender need to be aggregated. Include loans entered into during the year not exceeding \$15,000, but that exceed \$15,000 when aggregated with all other loans from the same lender during 2024 or unpaid balances as at 31 December 2024 of any loans provided by the same lender in any previous year.

**INDEPENDENT ASSURANCE REPORT
TO THE PARTY SECRETARY OF THE NEW ZEALAND NATIONAL PARTY**

Qualified Opinion

We have undertaken a reasonable assurance engagement on The New Zealand National Party's (the 'Party') compliance, in all material respects, with sections 210 and 214C of the Electoral Act 1993 (the "Act"), as evaluated against the Party Donations and Loans Return for the year ended 31 December 2024 (the "Return").

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion paragraph, the Party has complied in all material respects, with the Act as evaluated against the Return throughout the specified period from 1 January 2024 to 31 December 2024.

Basis for Qualified Opinion

We were unable to obtain sufficient appropriate evidence about the Party's compliance with the Act due to the following limitations:

- Donation income belongs to an organisation once it is received, but there are generally no practical procedures available to determine that all income of this nature, whether in the form of cash or as donated/discounted goods and services, received by an organisation is actually recorded by that entity. Accordingly, an auditor of an organisation receiving significant amounts of donations usually qualifies their opinions to reflect the practical limitations of an audit in this area.
- We are not the auditor of the Party's electorates, our scope was therefore limited in respect of assessing the completeness of donations and loans which may have been received and established at Local Electorate Committees or branch level.
- In addition, per section 210(1)(d) of the Electoral Act 1993, donations received from an overseas person are required to be disclosed separately in Part E and Part G of the Return. Due to the nature of how donations are generally received, controls over determining the residency status of donors is limited and there are no practical procedures to determine the effect of this limited control.
- In addition, the Party has disclosed the Non-Monetary Party Donations received of \$193,028.19. The controls over these donations are limited by the nature of the Non-Monetary Party Donations received. Consequently, we were unable to determine the completeness of those donations and whether any adjustments to the donation revenue were necessary.

Due to the nature of the limitations above, we do not believe there is further information that can be provided to us by the Party to allow us to determine the effects of these limited controls. As a result of these matters, we were unable to determine whether any adjustments might have been found necessary in respect of unrecorded election donations or loans.

Party Secretary's Responsibilities

The Party Secretary is responsible for:

- a) Preparation of the Return in compliance with the requirements of the Act.
- b) The compliance activity undertaken to meet the requirements of the Act; and
- c) Identification of risks that threaten compliance with the Act identified above being met and controls which will mitigate those risks and monitor ongoing compliance.

Our Independence and Quality Control

We have complied with the independence and other ethical requirements of Professional and Ethical Standard 1 *International Code of Ethics for Assurance Practitioners (including International Independence Standards) (New Zealand)* issued by the New Zealand Auditing and Assurance Board, which is founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behavior.

The firm applies Professional and Ethical Standard 3 which requires the firm to design, implement and operate a system of quality management including policies or procedures regarding compliance with ethical requirements, professional standards, and applicable legal and regulatory requirements.

Assurance Practitioner's Responsibilities

Our responsibility is to express an opinion on the Party's compliance, in all material respects, with the requirements of the Act as evaluated against the return, throughout the specified period. SAE 3100 (Revised) requires that we plan and perform our procedures to obtain reasonable assurance about whether the Party has complied, in all material respects, with the requirements of the Act as evaluated against the return, throughout the specified period. An engagement conducted in accordance with (SAE) 3100 (Revised) requires that we also comply with International Standard on Assurance Engagements (New Zealand) 3000 (Revised) Assurance Engagements Other Than Audits or Reviews of Historical Financial Information.

An assurance engagement to report on the Party's compliance with requirements of the Act involves performing procedures to obtain evidence about the compliance activity and controls implemented to meet the requirements of the Act. The procedures selected depend on our judgement, including the identification and assessment of risks of material non-compliance with the requirements of the Act as evaluated against the return.

Our firm carries out other assignments for the Party in the area of review of the financial statements and expense return. The firm has no other relationship with, or interests in, the Party.

Because of the matter described in the Basis for Qualified Opinion paragraph, we are not able to obtain sufficient appropriate audit evidence to provide a basis for a reasonable assurance opinion on the Party's compliance with the Act as evaluated against the return.

Inherent Limitations

Because of the inherent limitations of an assurance engagement, together with the internal control structure it is possible that fraud, error, or non-compliance with compliance requirements may occur and not be detected.

A reasonable assurance engagement throughout the specified period does not provide assurance on whether compliance with the requirements of the Act will continue in the future.

Use of Report

This report has been prepared for use by the Party Secretary for the purpose of establishing that the election donations and loans reported by the Party in the return have been appropriately determined for the purpose intended. We disclaim any assumption of responsibility for any reliance on this report to any person other than the Party Secretary, or for any other purpose other than that for which it was prepared.

DONATIONS Complete Parts A to G

Party Donations

A party donation is a donation of money (or the equivalent of money), goods or services that is made to a party. A party donation includes:

- a donation of money or the equivalent of money, including where a person pays something for the party
- where a party is provided with goods or services free of charge that have a reasonable market value of more than \$1,500 (or \$50 if provided by an overseas person - see Part D for more information on who is an overseas person)
- where a party is provided with discounted goods or services and the reasonable market value of the goods or services is greater than \$1,500 (or \$50 if provided by an overseas person); the difference between the contract or agreed price and the reasonable market value of the goods or services is a donation

- when a party sells over-valued goods or services, the difference between the price paid and the reasonable market value is a donation (for example a fundraising auction or dinner)
- where credit is provided to a party on more favourable terms than those prevailing at the same time for similar credit, the value of the favourable terms is a donation.

The following are not a party donation:

- free labour
- goods or services provided free of charge to a party, or to any person on the party's behalf, that have a reasonable market value of \$1,500 or less (or \$50 or less if from an overseas person), or
- a candidate donation that is included in a candidate's return of donations.

PART A: PARTY DONATIONS OF MORE THAN \$15,000

Instruction for Part A – Donations over \$15,000

Party donations of more than \$15,000 (including GST) received during 2022 are required to be declared in **Part A**, including a series of donations received from the same donor during the year that add up to more than \$15,000. Also include those donations exceeding \$30,000 received during the year and reported under section 210C.

Do not include in **Part A** contributions to donations, anonymous or overseas donations, donations protected from disclosure, or donations not exceeding \$15,000 (see **Parts B, C, D, E, F and G**).

You need to record the name and street address of the donor, the date the donation was received and the amount received from the donor. Where you have received a number of donations from the same donor you should include each date on which a donation was received from the donor and the aggregated total from the donor. You also need to confirm whether any person (other than the donor) has contributed more than \$15,000 to the donation (or more than \$50 if the contributor is an overseas person). Contributions of more than \$15,000 must be disclosed in **Part B** (or **Part E** for overseas contributors).

For any donations from a trust, include the name of the individual at whose direction the donation was made.

PART G: OTHER PARTY DONATIONS UP TO \$15,000

Instructions for Part G - Other party donations up to \$15,000

The total number and value of other party donations received in the following bands must be disclosed in **Part G**:

- anonymous party donations of \$1,500 or less
- party donations of more than \$1,500 up to and including \$5,000
- party donations of more than \$5,000 up to and including \$15,000.

Although aggregation is generally required for donations there is no requirement to aggregate donations from the same donor for the purposes of determining what donations to include and in which band in **Part G**. If a donor has made more than one donation in a category each donation should be counted separately when calculating the number of donations.

Example:

If you received two donations of \$3,000 from the same donor in the calendar year, these should be recorded as two donations in the 'Donations exceeding \$1,500 but not exceeding \$5,000' band.

LOANS Complete Parts H and I

Party Loans exceeding \$15,000

A party loan is a written or oral agreement under which a lender lends money to a political party. Money lent by a registered bank at a commercial interest rate is not a party loan, nor are credit cards and overdraft facilities with registered banks.

PART H: PARTY LOANS EXCEEDING \$15,000

Instructions for Part H - Party loans exceeding \$15,000

Party loans from the same lender exceeding \$15,000 entered into during the year (including those exceeding \$30,000 that have been reported during the year under section 214F) must be reported in **Part H**.

Loans from the same lender need to be aggregated. Include loans entered into during the year not exceeding \$15,000, but that exceed \$15,000 when aggregated with all other loans from the same lender during 2022 or unpaid balances as at 31 December 2022 of any loans provided by the same lender in any previous year.

**INDEPENDENT ASSURANCE REPORT
TO THE PARTY SECRETARY OF THE NEW ZEALAND NATIONAL PARTY**

Qualified Opinion

We have undertaken a reasonable assurance engagement on The New Zealand National Party's (the 'Party') compliance, in all material respects, with sections 210 and 214C of the Electoral Act 1993 (the "Act"), as evaluated against the Party Donations and Loans Return for the year ended 31 December 2022 (the "Return").

In our opinion, except for the effects of the matter described in the Basis for Qualified Opinion paragraph, the Party has complied in all material respects, with the section 210 and section 214C of the Electoral Act 1993 as evaluated against the Return throughout the specified period from 1 January 2022 to 31 December 2022.

Basis for Qualified Opinion

We were unable to obtain sufficient appropriate evidence about the Party's compliance with section 210 and section 214C of the Electoral Act 1993 due to the following limitations:

- Donation income belongs to an organisation once it is received, but there are generally no practical procedures available to determine that all income of this nature, whether in the form of cash or as donated/discounted goods and services, received by an organisation is actually recorded by that entity. Accordingly, an auditor of an organisation receiving significant amounts of donations usually qualifies their opinions to reflect the practical limitations of an audit in this area.
- We are not the auditor of the Party Electorate Committees or branches, our scope was therefore limited in respect of assessing the completeness of donations and loans which may have been received and established at Local Electorate Committees or branch level.
- In addition, per section 210(1)(d) of the Electoral Act 1993, donations received from an overseas person are required to be disclosed separately in Part E and Part G of the Return. Due to the nature of how donations are generally received, controls over determining the residency status of donors is limited and there are no practical procedures to determine the effect of this limited control.

Due to the nature of the limitations above, we do not believe there is further information that can be provided to us by the Party to allow us to determine the effects of these limited controls. As a result of these matters, we were unable to determine whether any adjustments might have been found necessary in respect of unrecorded election donations or loans.

Party Secretary's Responsibilities

The Party Secretary is responsible for:

- a) Preparation of the Return in compliance with the requirements of the Act.
- b) The compliance activity undertaken to meet the requirements of the Act; and
- c) Identification of risks that threaten compliance with the Act identified above being met and controls which will mitigate those risks and monitor ongoing compliance.

Our Independence and Quality Control

We have complied with the relevant ethical requirements relating to assurance engagements, which include independence and other requirements founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behavior.

In accordance with the Professional and Ethical Standard 3 (Amended) BDO Wellington Audit Limited maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Assurance Practitioner's Responsibilities

Our responsibility is to express an opinion on the Party's compliance, in all material respects, with the requirements of the Act as evaluated against the return, throughout the specified period. SAE 3100 (Revised) requires that we plan and perform our procedures to obtain reasonable assurance about whether the Party has complied, in all material respects, with the requirements of the Act as evaluated against the return, throughout the specified period.

An assurance engagement to report on the Party's compliance with the requirements of the Act involves performing procedures to obtain evidence about the compliance activity and controls implemented to meet the requirements of the Act. The procedures selected depend on our judgement, including the identification and assessment of risks of material non-compliance with the requirements of the Act as evaluated against the return.

Our firm carries out other assignments for the Party in the area of audit of the financial statements, expense return and taxation advice. The firm has no other relationship with, or interests in, the Party.

Because of the matter described in the Basis for Qualified Opinion paragraph, we are not able to obtain sufficient appropriate audit evidence to provide a basis for a reasonable assurance opinion on the Party's compliance with the Act as evaluated against the return.

Inherent Limitations

Because of the inherent limitations of an assurance engagement, together with the internal control structure it is possible that fraud, error, or non-compliance with compliance requirements may occur and not be detected.

A reasonable assurance engagement throughout the specified period does not provide assurance on whether compliance with the requirements of the Act will continue in the future.

Use of Report

This report has been prepared for use by the Party Secretary for the purpose of establishing that the election donations and loans reported by the Party in the return have been appropriately determined for the purpose intended. We disclaim any assumption of responsibility for any reliance on this report to any person other than the Party Secretary, or for any other purpose other than that for which it was prepared.
