### Information on Candidate Donations

Candidates are required to include in the candidate return every candidate donation or contribution to a candidate donation of more than \$1,500 (including GST), including a series of donations or contributions made by one person that adds up to more than \$1,500.

### **Candidate donations**

A candidate donation includes any money, goods or services that are donated to a candidate, or a person on the candidate's behalf, for use in the candidate's campaign for election. The following are candidate donations:

- free goods or services that have a reasonable market value greater than \$300;
- discounted goods or services where the reasonable market value of the goods or services is greater than \$300;
  - the difference between the contract or agreed price and the reasonable market value of those goods and services is a donation;
- the purchase of goods or services from the candidate at a value that exceeds their reasonable market value;
  - the difference between the price paid and reasonable market value is a donation.
- extending credit to a candidate on favourable terms.
  - the value of the favourable terms is a donation.

Volunteer labour or free goods or services given to a candidate that have a reasonable market value of \$300 or less are not a candidate donation. Nor is money provided by the candidate for his or her own campaign.

### Instructions for Part A

For donations of more than \$1,500 (other than anonymous donations or overseas donations) you need to record the name and street address of the donor, the date the donation was received and the amount received from the donor.

Where you have received a number of donations from the same donor you should include each date on which a donation was received from the donor and the aggregated total from the donor. Aggregated donations are not contributions and do not have to be recorded in Part B.

You also need to confirm whether any person (other than the donor) has contributed more than \$1,500 to the donation. Contributions of more than \$1,500 must be disclosed in Part B (or Part E for overseas contributors). Contributions of \$1,500 or less do not have to be included in the return.

### Examples:

John Smith owns a publishing company. On 2 June 2017 he gives you goods for your campaign valued at \$1,000. On 14 July he also gives you a monetary donation of \$4,000. The money was given to you as the result of a fundraiser which John Smith organised and includes a contribution from Jane Jones of \$2,000.
