An overseas person is:

- an individual who resides outside New Zealand and is not a New Zealand citizen or registered elector; or
- a body corporate incorporated outside New Zealand; or
- an unincorporated body that has its head office or principal place of business outside New Zealand.

On 1 January 2020, the Electoral Act 1993 was amended to lower the overseas donation threshold from \$1,500 to \$50. If you receive a candidate donation from an overseas person exceeding \$50 (including free goods and services or a discount on goods or services exceeding \$50) you may retain \$50 of that donation. The balance of the donation must, within 20 working days of receipt, either be

returned to the overseas person who made the donation, or if this is not possible, be paid to the Electoral Commission. Further guidance is available in the **Candidate Handbook – General Election and Referendums 2020**.

In the candidate return, you must disclose:

- the name and address of the overseas person; and

Information on Candidate Expenses

- may reasonably be regarded as encouraging or persuading voters to vote, or not to vote, for an electorate candidate (whether or not the name of the candidate is stated), and
- are published, or continue to be published, during the regulated period for the general election (18 August to 16 October 2020), and
- are promoted by the candidate or with the candidate's authority.

- the costs incurred in the preparation, composition, printing, postage and publication of the advertisement, and
- the reasonable market value of any material used or applied towards the advertisement provided to the candidate for free or below reasonable market value.

Further guidance is available in the **Candidate Handbook - General Election and Referendums 2020**.

For advertisements published both before and during the regulated period you should apportion the costs so that only a fair proportion of the expenses are attributed to being incurred during the regulated period. Only record the amount attributable to the regulated period in the return.

The description of the item should be sufficient to identify where and when it was published. Where another person has initiated the advertising you should also include the name of the promoter in the item description.

Election and referendum expenses can't be apportioned. If you published advertising during the regulated period that promoted you as a candidate and one or more referendum options, the full cost counts as a candidate election expense and a referendum expense. You only need to complete a referendum return if you spend over \$100,000 on referendum advertising in respect of either referendum during the regulated period.

PART G: ELECTION ADVERTISEMENTS SHARED WITH THE PARTY AND/OR OTHER CANDIDATES

Instructions on how to complete Part G

You should record all election expenses incurred in relation to election advertisements published, or continued to be published, during the regulated period for the general election (18 August to 16 October 2020) promoting your candidacy and the party and/or one or more other candidates.

Apportionment is permitted between a candidate and party(ies) and other candidate(s) based on coverage. Where an expense item has been apportioned between you and the party and/or candidate(s) you should ensure there is a consistent description and approach to apportionment in each return of election expenses. Record the name of the party or other candidate(s) featured in the advertising in the item description.

Election and referendum expenses can't be apportioned. If you published advertising during the regulated period that promoted you,

your party and/or other candidates, and one or more referendum options, the total cost of the advertisement must also be counted separately as a referendum expense. You only need to complete a referendum return if you spend over \$100,000 on referendum advertising in respect of either referendum during the regulated period.

For advertisements published both before and during the regulated period you should apportion the costs so that only a fair proportion of the expenses are attributed to being incurred during the regulated period. Only record the amount attributable to the regulated period in the return.

Disclose the total amount incurred on election advertisements published during the regulated period even if payment for the advertising was made outside of the regulated period.
