DONATIONS Complete Parts A to E

Information on Candidate Donations

Candidates are required to include in the candidate return every candidate donation or contribution to a candidate donation of more than \$1,500 (including GST), including a series of donations or contributions made by one person that adds up to more than \$1,500.

Candidate donations

A candidate donation includes any money, goods or services that are donated to a candidate, or a person on the candidate's behalf, for use in the candidate's campaign for election. The following are candidate donations:

- free goods or services that have a reasonable market value greater than \$300 (or \$50 if provided by an overseas person);
- discounted goods or services where the reasonable market value of the goods or services is greater than \$300 (or \$50 if provided by an overseas person);
 - the difference between the contract or agreed price and the reasonable market value of those goods and services is a donation;
- the purchase of goods or services from the candidate at a value that exceeds their reasonable market value;
 - the difference between the price paid and reasonable market value is a donation;
- extending credit to a candidate on favourable terms;
 - the value of the favourable terms is a donation.

Volunteer labour or free goods or services given to a candidate that have a reasonable market value of \$300 or less (or \$50 or less if from an overseas person) are not a candidate donation. Nor is money provided by the candidate for his or her own campaign.

Instructions for Part A

For donations of more than \$1,500 (other than anonymous donations or overseas donations) you need to record the name and street address of the donor, the date the donation was received and the amount received from the donor.

Where you have received a number of donations from the same donor you should include each date on which a donation was received from the donor and the aggregated total from the donor. Aggregated donations are not contributions and do not have to be recorded in Part B.

You also need to confirm whether any person (other than the donor) has contributed more than \$1,500 to the donation (or more than \$50 if the contributor is an overseas person). Contributions of more than \$1,500 must be disclosed in Part B (or Part E for contributions of more than \$50 from an overseas person).

Examples:

John Smith owns a publishing company. On 2 June 2020 he gives you goods for your campaign valued at \$1,000. On 14 July he also gives you a monetary donation of \$4,000. The money was given to you as the result of a fundraiser which John Smith organised and includes a contribution from Jane Jones of \$2,000.

If you receive an anonymous candidate donation greater than \$1,500, you may retain \$1,500 of that donation. The balance of the donation must, within 20 working days of receipt, be paid to the Electoral Commission for payment into a Crown bank account.

PART G: ELECTION ADVERTISEMENTS SHARED WITH THE PARTY AND/OR OTHER CANDIDATES

Instructions on how to complete Part G

You should record all election expenses incurred in relation to election advertisements published, or continued to be published, during the regulated period for the general election (18 August to 16 October 2020) promoting your candidacy and the party and/or one or more other candidates.

Apportionment is permitted between a candidate and party(ies) and other candidate(s) based on coverage. Where an expense item has been apportioned between you and the party and/or candidate(s) you should ensure there is a consistent description and approach to apportionment in each return of election expenses. Record the name of the party or other candidate(s) featured in the advertising in the item description.

Election and referendum expenses can't be apportioned. If you published advertising during the regulated period that promoted you,

your party and/or other candidates, and one or more referendum options, the total cost of the advertisement must also be counted separately as a referendum expense. You only need to complete a referendum return if you spend over \$100,000 on referendum advertising in respect of either referendum during the regulated period.

For advertisements published both before and during the regulated period you should apportion the costs so that only a fair proportion of the expenses are attributed to being incurred during the regulated period. Only record the amount attributable to the regulated period in the return.

Disclose the total amount incurred on election advertisements published during the regulated period even if payment for the advertising was made outside of the regulated period.
